1st Statement of the Defendant
Miss Irene Sara Spalletti

Case ref: M00ED350

IN THE COUNTY COURT AT EDMONTON

IN THE TRUSTS OF LAND AND
APPOINTMENT OF TRUSTEES ACT 1996

BETWEEN:

Mr Alexander Michael Luke Wolf Walker

Claimant

– and –

Defendant

Miss Irene Sara Spalletti

Summary & background

*Exhibited in response to paras. 3–4
of the Claimant's 1st Statement*

I have known Irene for around 8 years. We began a relationship in 2019 and began cohabiting on 1 October 2023 (then in Irene's rental property). We never married and nor did we ever become engaged. We do not have any children together. Irene and I separated in mid-July 2024 and I was forced to leave the property on 2 September 2024.

Introduction

1.1

1.2 My full name is: **Irene Sara Spalletti**

1.3 My full address is: **92 Ollerton Road, N11 2LA, Enfield**

1.4 I make this statement in support of my application for a non-molestation order against my: **ex-partner**, whose full name is: **Alexander Michael Luke Wolf Walker**

1.5 I am also applying for an **occupation order**

1.6 The occupation order should be subject to the following address:
92 Ollerton Road, N11 2LA, Enfield

I have provided further information about the address in the enclosed FL401 form.

This includes who lives at the address and details about the ownership and/or tenancy arrangements.

1.7 I am asking for a **without notice order**, for the following reasons:

- (a) The respondent's abuse is relentless and my safety is still at risk despite his bail conditions; I believe he would try to avoid receiving court documents and delay proceedings.
- (b) The respondent's behaviour is extremely unpredictable and he would attempt to dissuade or prevent me, through intimidation or manipulation, from making this order. After less than two weeks he is already requesting a bail variation and attempting to come back to the property.
- (c) The respondent has already, in the past, threatened to hurt me and to: "make me pay the consequences" if I try to take action against him.

Background

1.7

- (1) I was born on the 11th June 1986 in Luxembourg to Italian parents. I went to the European School and finished my studies obtaining a European Baccalaureate in 2004. Further studies and certifications include BTEC Diploma in Art & Design Foundation Studies from Kent Institute of Art & Design (Maidstone), BA (Hons) in Fashion & Textile Design from Nuova Accademia di Belle Arti (Milan, Italy) and a Postgraduate Diploma in Visual Communication from the London College of Communication completed in 2011.
- (2) Now, after careful consideration between pursuing a career as a social worker or following my passion for horticulture, I ultimately chose the latter. I am now enrolled at Capel Manor College in Enfield, studying for the RHS Level 2 qualification.
- (3) After working as a Graphic Designer for many years, I established my own company as an Advertising Consultant in 2015. While I enjoyed several successful years, my career faced challenges due to the pandemic and advancements in technology, such as AI, which ultimately led to my unemployment, though my limited company remains active. I am not receiving any benefits or Universal Credit and am relying on financial support from my family.
- (4) I have been diagnosed with the following health conditions:
- (a) Fibromyalgia
 - (b) Chronic Fatigue
 - (c) Rheumatoid Arthritis
 - (d) Fiber Neuropathy
 - (e) Borderline Personality Disorder
 - (f) ADHD
 - (g) Depression and Anxiety
 - (h) IBS intensive upper stomach pain
- (5) Alexander Walker, the respondent, was born on the 24th February 1988. His father walked out on the family when he was three years old, passing away from alcoholism when the respondent was nine. The respondent attended boarding school at a young age and rarely returned home.
- (6) The respondent holds a degree in engineering and is currently employed by an American security firm, earning an annual salary of £109,560.
- (7) The respondent abuses Cannabis, spending over £100-worth weekly.

when we first got in a relationship

starting one week after we moved in together in October 2023
- 2.6** The respondent's abusive behaviour has included:
- ✓ Physical abuse
- Sexual abuse
- ✓ Verbal or emotional abuse
- ✓ Threats
- ✓ Intimidation
- ✓ Harassment
- ✓ Economic or financial abuse
- ✓ Coercive control
- ✓ Online abuse

Relationship background

2.6

- (1) The respondent and I have been best friends since 2013. He used to be very caring, thoughtful and funny, but his kindness seemed to be driven by the ulterior motive of wanting to be in a relationship.
- (2) We first got into a relationship at the start of 2021 but the respondent ended it in September 2022 without informing me.
- (3) The respondent was invited by my parents to visit us in my hometown on the 7th September, 2022, but he never showed up. No explanation or apology was provided to either myself or my parents, and there was no attempt at communication.
- (4) Instead, the respondent chose to go on a two-week holiday to Croatia with his friend Tom on his private boat. He turned off his phone without notice for the entire first week.
- (5) I was deeply hurt by the respondent's egotism and by his ruthless and heartless intentions to harm me and my family. He was aware of my mental health conditions and completely disregarded the impact his actions would have on them, which led me to feel suicidal and seek help at A&E.
- (6) In March 2023, the respondent and I tried to rekindle our relationship a second time.
- (7) At the time the respondent was living in a 5 bedroom shared house (54 Elizabeth Avenue, N1 3BH) while I was living on my own in a rented one bedroom garden flat (74a Bravington Road, W9 3AJ) since February 2018.
- (8) The respondent moved in with me on the 6th October 2023 (**see Exhibit n° ISS-01**).
- (9) The abuse from the respondent started immediately after.
- (10) The respondent and I purchased and exchanged the property for which I am requesting this occupational order on the 2nd February 2024.
- (11) I ended the relationship on the 16th July 2024.

First incidents

4.0

4.1 The first incidents started in: **October 2023**

4.2 The incidents **never ended**

4.3 **Details about the first incidents**

- (1) When the respondent moved into my flat, his outbursts of anger quickly became a daily occurrence. He began harassing me by following me around the flat, criticising and undermining everything I did and said.
- (2) The respondent would invade my personal space and dominate the air around me with relentless screaming and shouting.
- (3) The respondent believed that I should be kept quiet during his verbal abuse by being called "dirty bitch" and "grumpy cow" (**see Exhibit n° ISS-03**).
- (4) When I would ask the respondent to leave me alone and get out of my bedroom, he would refuse and instead impose himself next to me on the bed. He would intimidate and scare me by shouting threats and calling me names. He denied me peace and quiet, forcing me to find it by sleeping on the couch.
- (5) The respondent would only stop the abuse if I admitted guilt by repeating the apology he had dictated to me. He gradually began to deny me the freedom to speak or express my opinions, making me feel as though he was stripping me of my basic human rights.
- (6) The respondent then began to humiliate me with degrading language. In my own home, he would intimidate me by shouting and trying to shame me in front of the neighbours by exposing very personal information and calling me names.
- (7) Within weeks, the respondent began to assert a position of power and control, using it to dominate me. He often shouted at me while standing close, pressing forward until I was backed against the wall. I would slide to the floor and curl up in a foetal position.
- (8) The respondent was constantly yelling and shouting at his mother for no apparent reason. She would laugh and act as if it were normal, which only encouraged him to continue, allowing him to become comfortable with such outbursts.
- (9) After witnessing this appalling behaviour and his astonishing lack of respect towards her, I decided I could no longer tolerate it and stopped attending the family weekends for a while. Regrettably, I took action in her defence, even apologising for her son's behaviour, despite her never doing the same for me. I later realised she was the one who owed me the apology (**see Exhibit n° ISS-04**).

November 2023

- (10) I spent November texting the respondent from the adjacent room in the same house - it was absolutely impossible to converse with him, and he was constantly shouting at me for anything and everything. I was exhaustingly trying to get him to understand what he was doing and having him to take responsibility for his abusive behaviour, but he would constantly make me responsible for why he was acting that way (**see Exhibit n° ISS-05**).

14th December 2023

- (11) In December, I was focused on learning web development and building my website, hoping it would help me find work. I worked obsessively to complete the project by the 16th of the month, while the respondent spent the entire month attending Christmas parties, dinners, and drinks.
- (a) On the 14th, while the respondent spent three days in bed smoking weed and watching Netflix, I was under immense strain and without sleep, working on my website. I had reached the point of exhaustion and was completely worn out. He finally got out of bed after lunchtime and went to the pub to meet some friends
- (b) Just before leaving the house, the respondent walked into the living room and demanded that I immediately call the estate agent to discuss something about the property we were about to buy together. I replied that I would do so after a power nap, as I was barely able to talk at that moment.
- (c) He completely disregarded how overworked I was, showed no mercy for my lack of sleep, and said that I had chosen to stay up and work, so I had to deal with the consequences. According to him, resting before making the call wasn't an option. When I asked why he couldn't call the estate agent on his way to the bus stop, he responded that I had promised to make the call before the weekend, so it was now my responsibility to follow through.
- (d) I couldn't understand his behaviour. I had been caring and attentive towards him, but he showed a complete lack of empathy, kindness, or care for me. While he was shouting at me, I tried to escape by standing up from the couch and walking to the bedroom. However, he blocked me in the hallway, preventing me from getting through and forcing me to endure his abuse. Despite opening the front door, he refused to leave, and the shouting continued. Eventually, I shouted back, "Get out of my house", repeatedly, but he still wouldn't leave. I had to push him out, slam the door shut, and sit against it to block him from coming back in. With my phone in hand, I was about to dial 999 and texted him, begging him not to return.
- (e) I had never felt more scared, but the respondent laughed at me and completely dismissed his behaviour and what had happened. He had the audacity to say that he "had run out of energy trying to make the home a happy place". To make matters worse, he accused me of being the abuser, of hitting him and how dare I threaten him with calling the police. He cancelled his drinks and came straight back to the house.

- (f) The respondent had taken away the safe space I had created and felt secure in for six years. He was supposed to stay for only a few months, and in less than two, he ingrained a pervasive sense of fear in it, filling it with anger, assaults, and domination (**see Exhibit n° ISS-06**).

15th December 2023

- (12) The next day, I received a text from the respondent's mother asking what was going on and why I was blocking the purchase of the house by not filling out the paperwork. The respondent had lied, claiming he had completed his while I had not. I told him he had left me in a terrible position by lying and that I was now compelled to tell the truth, which meant revealing to his mother that her son was abusive. To my surprise, he said that was fine and seemed unconcerned (**see Exhibit n° ISS-07/A**).
- (a) At the same time, Robbie, the respondent's best friend, called and asked him to meet him at the pub. Since I needed to make the difficult phone call to his mother and required some privacy, I was okay with him going. I asked him to please be back before 10:30 and to keep an eye on his phone, as he tended to go out with friends and disappear for two or even three days, often turning off his phone.
- (b) The respondent and I were scheduled to visit his mother on the 17th and stay for ten days. It was imperative that we reach an agreement about the house before then, leaving us only that evening and the following day to resolve it.
- (c) The respondent left the house at 17:00 and sent me a text at 19:00, but then vanished until 00:38, when he texted without any apology, saying he would be home in an hour. At 00:58, he texted asking, "Do we have the Monopoly card game?" I responded by asking if he thought that text was appropriate and told him not to come back to the house, advising him to stay at his friend's place instead.
- (d) He vanished again until after 6:00 when he showed up at my front door.
- (e) I was determined not to let the respondent into the house, despite his shouting, banging, and hitting, which woke up all the neighbours. Between 8:07 and 9:40, he attempted to break into the flat by forcing and damaging the lock, leaving me trapped inside. Reluctantly, I allowed him in through the window to fix the door, but he did not make any repairs (**see Exhibit n° ISS-07/B**).
- (f) The respondent somehow managed to extend his stay. He sent me this message from the living room, which made me, very regrettably, reconsider both the relationship and the purchase of the house: "I know you aren't going to want to hear this, but we have tomorrow, and if you let me grovel for last night, we can still be happy".

17th December 2023

- (13) The respondent and I visited drove to Calne to visit his mother and spend the Christmas break with her. We drove back to London on the 27th , and were scheduled to return three days later to stay with her for another ten days.

30th December 2023

- (14) On the 30th, the respondent and I had lunch with Manuele, my closest friend, and planned to drive to Calne afterwards. At the end of the lunch, the respondent began to shame me by insulting me in public and screaming at me after I had said: "How nice of Manuele to invite us to Sicily this summer?". By this point the respondent had told me three times to: "do the world a favour and go kill myself".

- (a) On our way home to collect the car, while walking to the bus stop, I told the respondent that I wasn't feeling well and needed 20 minutes of rest before the two-and-a-half-hour drive ahead. The respondent denied me the rest, saying it would be disrespectful to his mother to arrive late. I explained that my fibromyalgia and rheumatoid arthritis were flaring up and that I was exhausted from all the Christmas celebrations. I tried to make him understand that if I didn't rest, instead of being late, we might never make it as the risk was that I might have fallen asleep at the wheel.
- (b) We had no plans in Calne; the three of us were going to stay home and watch TV. There was no urgency to rush, especially since we had just spent 10 days with her and were about to spend another 10.
- (c) Despite my explanation, the respondent continued to deny me rest, insisting that his mother disliked last-minute changes in plans. He then insulted me, accusing me of being selfish for asking for a short rest. He claimed that I only did what was beneficial to me, lacked empathy, and called me a "selfish cunt".
- (d) A few hours before lunch, I told the respondent that I was going to text his mother to let her know I had miscalculated the timing and that we would arrive a bit later. The respondent told me not to and said that if we were going to be late, we should only text her once we had an estimated time of arrival.
- (e) The respondent continuously denied me rest in various ways: he forbade me from sitting down and resting, then ordered me not to sit. He said: "You are not allowed to sit; as soon as we get home, you need to take your bag and drive us to Mum's". He had begun using the word "allow" and dictating what I was allowed and not allowed to do.
- (f) In the argument, I told the respondent that when it came to his mother, he showed no consideration for me, my health, or my chronic illness. He had prioritised not being 20 minutes late over the risk of me falling asleep at the wheel and endangering my life. I then expressed that I would have appreciated a similar level of care and consideration from him towards me.

- (g) After saying this, the respondent spent the rest of our relationship trying to make me feel guilty for what he claimed I had said about his mother. He told me he would never forgive me, that he had lost all trust in me, and that he hoped I would live with guilt for the rest of my life and never forgive myself.
- (h) On the bus, I sat upstairs and sent him a text suggesting that if he wanted to be on time, it would be best for him to take the train. By then, I had decided not to obey him and to prioritise my own well-being by staying in London to get the rest I needed, planning to drive over the following day. I hoped for an apology before making the drive and asked for one, but his ego mattered more, and the apology never came. I didn't go; I spent New Year's alone in my flat (**see Exhibit n° ISS-08**).
- (i) Instead of apologising, the respondent continuously guilt-tripped me for letting his mother down and not being with her for the New Year's celebrations.
- (j) That decision was hurting me as well, not just his mother. I was trying to make him understand that it all had to stop, hoping that a drastic measure would make him reflect and feel remorse for his behaviour. It had been two months of continuous abuse, with never an apology or admission of wrongdoing from him. Instead, I was constantly blamed for the abuse, both by him and his mother.
- (k) The respondent's mother, who had been fully aware of her son's violent behaviour since the 15th of December, bafflingly also held me responsible for ruining New Year's and the entire relationship (**see Exhibit n° ISS-08/C**).

4.4 The impact of these incidents on my health, safety and wellbeing:

- (1) The respondent had taken away the safe space I had created and felt secure in for six years. He had ingrained a pervasive sense of fear in my home, filling it with anger, assaults, and domination. The respondent's actions left me feeling extremely scared and unsafe.
- (2) I lived in constant fear and panic, feeling like I was walking on eggshells. I barely spoke or made any sound, overwhelmed by the pervasive sense of dread.
- (3) The respondent's insults caused me immense agony. He told me to "go kill myself" twice, and was using extremely degrading and humiliating language towards me.
- (4) I realised something was seriously wrong with him when the gaslighting became completely disconnected from the actual events.
- (5) The respondent tried to make me doubt my own sanity, but my past experiences with abuse had built resilience and self-confidence in my mental health, preventing him from succeeding. Since the gaslighting and accusations were completely unfounded, I knew he was fabricating everything.
- (6) What was meant to be a joyful moment for us—our plan to buy a house together—turned into one of the worst experiences I have ever had. I felt trapped by the belief that "I had made my bed and had to lie in it," thinking I wasn't allowed to complain since I had chosen to stay.
- (7) Because I couldn't lie about my feelings, I was unable to confide in my friends back home without risking their disdain for him. This led to further isolation as I avoided calls from friends, feeling embarrassed and ashamed. I eventually had to admit to both our mothers that I was a victim of his abuse, a revelation that also left me feeling vulnerable and reluctant to let my friends know.
- (8) By that point, I had been clean from cocaine for over a year, but his actions eventually drove me to use it occasionally as a coping mechanism. In the past, cocaine had been a way to manage my emotions and numb the pain due to my undiagnosed mental health issues and lack of appropriate treatment.
- (9) The respondent's intimidating and threatening behaviour caused extreme anxiety, resulting in sleeping and eating disorders, depression, and even suicidal thoughts. His behaviour also had a physical impact, worsening my fibromyalgia and chronic illnesses.

Chocolate please 15:07

Since you've moved here one week ago I have been nothing but kind to you. I did everything for you to settle fine, I've prioritised you and your needs. In one week I made you 4 different meals, I washed your clothes, I cleaned your things without asking a thing from you aside from taking dry laundry off and hang the new one up and to make us a sandwich.

I am still recovering from how Tiago treated me and last night I had flashbacks all night of when he was beating me up. I called you all night and you didn't come.

But you know what the scariest thing is... just an hour ago you used exactly the same words to justify you calling me names that he would use to beat me up. And if you feel like that's proofing you right we both know what measures you will be using after the insults.

I am not sitting down to have a conversation with you until you aren't capable to see the truth and admit to yourself that the way you are treating me is nothing but wrong, there's no excuse or justification that will ever make it ok. I have been noggin but kind to you.

19:10

I hate to repeat myself. But I am next door. What have we discussed about texting your problems? It just demonstrates even more that there is no good communication between us.

When you are ready to talk and not interrupt and shout like you have done already we can talk freely which is the only thing that will sort our issues out. If we can't do that, its all fucked anyway.

HOWEVER

> just an hour ago you used exactly the same words to justify you calling me names

you have here once again proven you are incapable of listening as this is EXACTLY the opposite of what I did "an hour ago". If you actually learnt to listen you would have heard what I said, but your arrogance allows you to think you know everything without listening. Which makes me saying anything completely pointless.

until you can have a conversation and actually listen as well as speak, we cannot solve this.

I am deadly serious that I am not buying a house until we are both satisfied by a resolution to this. Do with that what you want.

this goes WAYYYYYY beyond an argument about this week. This has been a recurring theme for so long and now we are buying a house, its got to stop now or it will never stop and I ain't going into something where this is hanging over us.

to conclude, because I know you don't like to read too much message:

- learn to listen and be open to communicating what you want without interrupting or deciding you know what I think. When you can do that, we can start a communication.

so you didn't say I call you names because its the only way I can get the reaction from you that I want??? 19:35

nope. that is not what I said, but what you are referring to has been

- changed by you to fit your argument
- taken entirely out of context.

If you listened you would understand the difference between what you are suggesting and what I actually said.

As I say, there is no point in us talking until we can have open communication which requires us both to listen. You have demonstrated (again) you don't listen because you think you know all the answers already.

I said, if you care:

"I'm sorry I called you names, it's childish but I did it because it's impossible to have a conversation with you because you don't listen - however it was the only thing that seemed to get an actual reaction from you"

If you listened that is what I said.

The point being (the difference)? the only thing you heard was the name I called you (although you got that wrong too, I called you a grumpy cow, and not a dirty bitch) and that is the only thing you reacted to. Which shows that when I say things you don't listen.

Exhibit n° ISS-05/A • UNABLE TO COMMUNICATE VIA VOICE
signal conversation, dated [08/11/2023], referred to in the **Section 4.3.10**

In these messages, I tell the respondent that I'm very depressed, **to please not come in my room again and keep his constant shouting for someone else as I can't take it anymore.** I had to write it because he never leaves me the space to voice out what **he does to me and how it makes me feel.** "And no I don't think your temper improved actually it's gone worst. But you'll get mad at me for saying that so I lock myself in the bedroom to stay away from it".

How long since I've asked you to go to therapy? Because right now the person that you are can't have a calm conversation, I'm hiding away from your constant screaming at me. **This is how I feel and this is why we can't converse. You deny when I tell you what you're doing to me constantly trying to shift the shouting from you to me when it's not true. So what's the point in having a conversation when all you do is that?", "When I voice out my concerns you break up with me".**

I was upset and that's why you offered to go for dinner tomorrow. Now of course it's about you completely disregarding how I was feeling yesterday.
I'm going to sleep. Thanks for the chicken and good night.

And your constant shouting for someone else. I can't take it anymore. 20:27
And I wrote it because you never leave me any space to be able to voice out what you do to me and how it makes me feel. 20:34
I'm going to sleep. Thanks for the chicken and good night. 22:12

8 Nov 2023

I haven't mocked you I just found strange how you manage to make it about yourself when it was about me to start with.

I'm really unwell I'm not getting out of bed
So dump me if you want to dump me
I explained I can't communicate until you stop shouting at me for everything
Or block my voice when I have something to say
I knew it we all knew it 15:08

I do but I find it very hard when you deny everything I'm telling you you're doing to me. You shout at me for every little thing multiple times a day from the moment you get up. It's constant. So yes I close up because when I'm asking you to stop you're denying doing it... Every time. 15:44

How long since I've asked you to go to therapy? Because right now the person that you are can't have a calm conversation

I'm hiding away from your constant screaming at me
It's constant 16:22

This is how I feel and this is why we can't converse.
You deny when I tell you what you're doing to me constantly trying to shift the shouting from you to me when it's not true. So what's the point in having a conversation when all you do is that?

You
How long since I've asked you to go to therapy? Because right now the person that you are can't have a calm conversation
I can have a calm conversation. We've had many where I have stayed calm. We've also had ones, I agree, where I haven't agreed.

ok well clearly you don't think anything above is valid or justified because instead of hearing it and accepting that there are things you are not doing to help me, you just find a way to turn the attention to all the things I have done wrong

I asked you on Monday what was wrong. You said you didn't want to talk. If that's not the reason we didn't talk and you try to make something else the reason, then we have a major problem.

I KNOW THAT I HAVE SHOUTED, AS I'VE SAID MANY TIMES.

WHEN?
so far the only thing that seems to matter is my shouting.
but apparently you have not got anything to acknowledge that you do. Its only me according to you. And that's not good enough, because its not true and if you keep trying to point at what I've done, which I've acknowledged without you acknowledging and trying to make it like what I say doesn't matter because I shout, then we might as well end it now, because we are not going to progress if you keep ignoring what I say and try to make everything about my shouting.

THAT'S JUST NOT FAIR AND NOT TRUE BUT THIS IS YOUR TACTIC ALWAYS. TRY TO DEFLECT ANYTHING OFF YOU SO YOU DON'T HAVE TO ACKNOWLEDGE.

and you can keep saying anything you like but

THERE WILL BE NO HOUSE IF YOU DON'T WORK TOWARDS A SOLUTION WITH ME.

and that requires you putting up your hands and acknowledging my feelings. Until then, it doesn't matter if I whisper everything and never raise my voice again.

WE ARE GOING NOWHERE IF ITS ONLY ME WHO FIXES THE ISSUE OF SHOUTING. 16:40

Alex Walker
so far the only thing that seems to matter is my shouting.
...
It's not a tactic 16:41

if that is not something you are willing to do, then please let me know now and we will cancel the house, end this and sadly go our separate ways. 16:41

You see what's the point if that's always your response? 16:40

You
It's not a tactic
well then why every single time I try to say something is it "well you do this Alex, or you do that Alex" and I understand why it upset you"
NEVER EVER "yes you are right" I did do that and I
WHY IS THAT SO HARD FOR YOU?

You
You see what's the point if that's always your response?

because that is my response because we go through this so many times again and again and nothing changes, so why would my response change?

anyway, I've said it all again. You need to decide on what you want to do.

I want to stop shouting, I acknowledge my shouting and it's hard for you to deal with. But that won't be enough, even if I stop shouting for this relationship to work, the rest requires humility and work from us as a pair. Without you in it, I can't do it alone and as a result there is no more point of carrying this on.

It really is up to you to help here and make a decision as to what you want, because otherwise I have no choice but to assume you are saying you don't want to do anything about it and I'll have no choice but to end it because you don't think I'm serious and I am and unless this gets worked on, or you open up to LISTENING without thinking everything is an attack on you, then unfortunately we aren't going to be compatible.

You
because you do nothing about it when I state that is the situation. So what other response do you expect???

If we don't have a conversation in the next week or so and things start to change, then I'm not sure we can keep going because I can't say all this another time. I'm tired of saying it and I know that you don't take it seriously otherwise you would acknowledge it. I NEED your help here.

But if you can't trust that I'm terrified of you shouting at me and your denying and shifting it to me and that's why I CANNOT COMMUNICATE with you well we'll never be able to communicate and yes break up with me if that's what you want

but there the one time I voice it out you tell me it's a tactic 16:54

I was upset and that's why you offered to go for dinner tomorrow. Now of course it's about you completely disregarding how I was feeling yesterday.

But there the one time I voice it out you tell me it's a tactic 16:54

You think it's a tactic
Jesus fucking Christ 18:49

So shouting or not it's still a problem
No I think twisting my words is
I don't think what's going on here is a tactic
I just don't think you realize the effect it has. You defend yourself by responding before listening or processing and that means you don't acknowledge. Trust in your boyfriend to be on your side could be a good life lesson for you even if we don't work out.

The simple fact is by two weekends twice we are either sorted and communicating with each other and loving each other's company or we are probably going to have to work out the next life moves.
That includes me working towards that. I'm 50% here but as I say I can't do it all.
That's just the facts because after that we have to pay 900k for a house so we have to have swallowed our pride and be working together or.... 18:53

I've done my time I've worked on myself for 2 years
Something you never acknowledged anyway
It's time to do yours 18:54

So that means what? Nothing more to work on?
I've acknowledged that many times, as I've said you are so much better.
I've said that to you loads but perhaps you didn't listen then either? 18:55

But pffff as if all you do is shifting the responsibility of your dominance and abuse 18:55

You
It's time to do yours
Yes and I repeat again. I know that I've acknowledged that.
But I repeat even if I whisper everything the issues still stand as demonstrated in this very conversation
You
But pffff as if all you do is shifting the responsibility of your dominance and abuse
Ok you know what you are impossible. You twist and manipulate to get your way and never listen or acknowledge. I've tried and tried and I've said many times I'm very aware of my shouting but it never means anything to you.
All you care about is saving your face and as long as you don't have to deal with that nothing else matters
You aren't willing to work here on this so I can't say that I want to live like that for the rest of my life 18:57

If you think your work on yourself which has been amazing means you've done enough and everyone else can do things now then unfortunately I think we have come to the end as once I've got my shouting fully under control the issues will still be here and that will be too late. 18:58

Well that's what twisting words is. They mean the same thing.
I say something you twist it to mean something else. That's manipulating what I said. That's what it means.
I say I want my feelings to be 50% and you say I want it all about me.
Couldn't be more twisting if it tried. 19:06

I've got no reason to manipulate things. I have no issues in this relationship except for your shouting and abuse 19:06

Well you've done it as my example here shows 19:07

You
I've got no reason to manipulate things. I have no issues in this relationship except for your shouting and abuse
But I do and you don't listen
You think because you're only issue is my shouting that's the only issue in the relationship and it's not.
You carry on like this and not work with me and we will be without a house in 10 days. I leave it up to you but I'll remind you so it doesn't happen and you are shocked
Honestly you learn to work with me in discussions (assuming I don't shout) and we might save this but if you don't we won't.
It's not a threat it's just how it is

See great job 19:08

Should we hang out later work? No joint no TV and chat or play game? Do you want to defrost the duck? I might make dinner later? 14:35

Forget hanging out tonight. I'm staying away from.you 14:47

yes miss perfect in everyway who's never done anything wrong ever and doesn't need to ever say sorry or anything because she's so perfect. 14:49

you ALWAYS find some way that means you believe you don't need to make an apology for your actions and its the same every time - because alex said something that means Irene doesn't need to apologise anymore.

I hate you when you are like this. You are incapable of accepting your flaws and you are incapable of humbly taking responsibility for your words and actions and i can't live like that.

I TOLD you i will not go through it again after Julies wedding and I am still putting up with it. I honestly will not be going anywhere near this house if this is how things are dealt with. I thought it was all good and then I ask for one thing from you and this is where we end up. ALL because you can't say "im sorry" yes I'll not do it again' 14:55

I'm not going to apologize I have nothing to apologize for. You shout at me pretty much every single morning point your finger at me and shout throw something at me. So if you want to try and twist the situation around you're on your own. Izv done absolutely nothing wrong and passing through you to get your cables after you found yet again another reason to shout at me is nothing I should be apologising for.

Honestly stop breaking my balls for every single little thing. You've exhausted me with your shouting and incapacity to discuss, to assume full responsibility, your gaslighting and just STOP BEING ABUSING AT ME 16:52

I didn't shout at you about cables.
I asked you to stop being defensive again and again and only then did I raise my voice when you kept going again and again.

Besides I've apologised, something that you will need to learn to do extremely quickly if you want to move forward positively.

Just learn to grow up. Take responsibility and say sorry and things are sorted.

Yes I've apologised.
Where is yours? You are too good for saying sorry. 16:56

You're the source of our communication problems

Alex Walker
I didn't shout at you about cables.
I asked you to stop being defensive again and again and only then did I raise my voice when you kept going again and again.

Whaaat fucking liar 16:55

IAR

LIAR 16:56

Exactly. Everything is me. You are perfect 16:56

Perfect in every way.

You
You're the source of our communication problems

Maybe I cause some problems in our communication. You are incapable of any communication whatsoever.

You
LIAR

Call me this one more time and I'll cancel the house.

I am shocked at how much you think I'm not serious, I'm not buying a house until this is sorted.

One more time you call me a liar and that's the end of it. 16:59

FFS as I said just stop blaming me for shits stop apologising but rather stop doing it and STOP TRYING TO SHIFT FOCUS AWAY FROM YOURSELF.

I have done NOTHING WRONG YESTERDAY

Don't speak to me.when you get home I honestly have a headache after hearing your voice non stop.yesterday

This isn't going to work if 1: you don't book an appointment with a therapist

2: you fully focus 100% on yourself

And stop accusing me of things that I haven't done or that don't fucking matter

I'm honestly over heading your constant bullshit 17:07

Now really I don't want to hear a sound tonight as I've got to get on with my website or I'll never stop hearing you complain. It might take one off the list of your constant ones.

And in total honestly at the moment you have no right to say anything you're not financially supporting me 17:38

I honestly don't pick up fights anymore. Even when you fucked up Kew gardens I didn't fight I'm well over fighting since we've got back together. I'm scared of getting out of bed in the morning as I know it's the beginning of constant shouting 17:43

Exhibit n° ISS-05/C • “I AM EXHAUSTED OF YOUR SHOUTING”
*signal conversation, dated [22/11/2023], referred to in the **Section 4.3.10***

In these messages I ask the respondent to leave me alone in the room until he starts respecting me, to give me a break as I am exhausted from his constant shouting, and where the respondent responds by telling me I am avoiding responsibilities, that it's not going to help the relationship if he works on himself, **where he says I do “fuck all” despite working on looking for a job through the nights.** I had asked the respondent to tell me the times I had instigated an argument and write down a list, but he never did because he couldn't think of a time.

Dear Alex, I love you, I really do and I really hope we get to get our home together, thought quite a bit less now after most recent words.

I'm gonna try to remain concise and get to the points. These are going to be bullet points.

1. First of all, please, just give us all a fucking break. What are you so fucking angry about all the time? I have asked you for a while now to tell me when and how often I lose the plot at you, actually even easier, when do I ever scream at you? Easier, when am I ever angry at you???? Tell me when?? Because I can't recall a single time since Greece.
2. I suggest you start IMMEDIATELY to show me some respect. You HAVE TO STOP being so AWFUL, MEAN, INSULTING but most of all you have ZERO respect for me, NONE. I can't stress enough this HAS TO STOP NOW. The things you say when you're having an episode are DISGUSTING, but they just get worse, by the day.
3. I don't speak to you that way, ever, I don't fucking break your balls for anything, anything. When do I scream at you? The only few times I ever did WAS TO DEFEND MYSELF FROM YOUR horribleness. But even my right to speak or to have my own voice you're trying to take away from me.
4. You're abusive, you're treating me like shit, you lose the fucking plot for anything, you then blame me for it, then you do it again, a few days later, 5 times worst, and again and again and again. I'VE HAD ENOUGH
5. Lastly, GIVE ME A FUCKING BREAK!!! Don't EVER dare shout at me that I do FUCK ALL. It would have been nice if you to at least once tell me you're proud of me and all the efforts and sleepless nights I've put myself through to improve my skills to be more hireable. BUT NOOOOO, all I get from you is, it's not the right thing I should be doing, I'm not doing enough, I am not focusing on the right thing. I even recall you telling me to fucking do something, anything, while I was sending hundreds of CV. You're constantly under minding me, you never tell me anything nice about how hard I work on things related to my job hunt.
6. I just spent 6hrs after a sleepless night cleaning the house. As you wouldn't do it if I don't ask (which is still absolutely shocking) please put the trash bags in the appropriate bins when you come home.

Much appreciated, thanks

16:14

thanks for sending, would you like me to send what I wrote? I don't want to send it if it feels to you like I'm just sending it to respond to this, because that's not the case at all so I just want to know whether you would like to read what I wrote?

16:18

I'm just about to go to sleep honestly. I left the door open in case. Please can you empty the dishwasher?

Yes please send but I won't read it now I fainted before so I'm done with the day. I'll read when I wake up

I didn't even want to tell you that because usually it gives you another reason you tell me off about what I'm doing wrong eg. Work at night

16:25

You
I didn't even want to tell you that because usually it gives you another reason you tell me off about what I'm doing wrong eg. Work at night

this comment is exactly the problem I am having in our relationship, for an example. You will hopefully have an open mind when you read what I've written, rather than looking for the "something wrong about Irene" in it. I'm trying to sort our relationship out here, which involves me and you, not "find things wrong with Irene for fun" - which is a huge part of our problems. It's not "looking for something wrong" it's trying to make our relationship better, but you really don't seem to see that

anyway... 16:29

Well Alex
It's a huge fucking problem for me

That I spent the last hour wondering if to tell you or not that I fainted 16:29

yeah because you think it's "all about what Irene has done wrong"
and never think "why is Alex asking me that" 16:30

Just because I don't want to hear your constant moaning
Whatever
Maybe it's the way "you ask" 16:30

can you think, for example, why I may ask you not to work through the night? before I send you what I wrote? 16:31

You never ask anyway you tell 16:30

have you ever tried to think about why I'm asking something like that, rather than assume you know the answer?
on any topic? can you remember one time when you tried to understand why I asked something before deciding what it was? 16:31

My answer applies to all
You don't ask me
You tell me off
About everything 16:33

ok, I'm going to send it now, and I'm going to read yours again. If I can suggest one thing, take it or leave it, everything I say is really important to me to try and get across to you because I have struggled so hard for so long. So if you read it and find yourself thinking "it's an attack" or whatever you tend to think whenever I open my mouth, please try not to do that. Please try to read it somewhat constructively.

You
About everything

but I'm not going to answer these comments because they get us absolutely nowhere 16:33

And you cut my voice off whenever I want to say something back
Ok I'm going to sleep

A thanks for washing your clothes one day might be appreciated instead of keep on saying out loud you've got no clean clothes completely disregarding the fact that I've cleaned them for you 16:33

You want another fight? clearly you are just looking for another fight/

You
Dear Alex, I love you, I really do and I really hope we get to get our home together, thought quite a bit less now after most recent words.
..

this is constructive.

You
A thanks for washing your clothes one day might be appreciated instead of keep on saying out loud you've got no clean clothes completely disregarding the fact that I've cleaned them for you

this is totally unconstructive. Can you tell the difference? 16:35

Me fighting?? Are you joking
Frankly after last night 16:34

your letter above, great. Thank you.

So why do you have to go ruin it with comments like that? 16:35

I've got no words left
I'm going to sleep
Fucking paying me out of the relationship 16:34

And you don't even look embarrassed by it or ashamed or regretful

In these messages the respondent tells me:

“Decide how serious you think I am and act accordingly”

“You need to learn fast”

You

I can't believe you punished me when I had temperature for name calling you once after you've done it to me pretty much daily since you've moved in here. You're such a hypocrite and a liar

You need to learn fast that then. Because this is always going to be the case. If you think you can talk to people anyway you like and they will still do things for you it's going to be a tough learning curve.

Ok so we're not getting the house then?

Alex Walker

You need to learn fast that then. Because this is always going to be the case. If you think you can talk to people anyway you like and they will still do things for you it's going to be a tough learning curve.

You're such an hypocrite

You insult me DAILY

DAILY 11:01

You just do not listen to anything he anyone do you.

I've said "we have to learn to communicate before I'm going to buy a house. Let me know when you are ready to do that".

How many times do you expect me to repeat myself without going totally mad?

You have had all the information and you've ignored it. Now we are here.

Decide how serious you think I am and act accordingly.

Decide what you want. Do it.

11:02

I have a record of all your names calling 11:01

You

You insult me DAILY

Ok then is this your decision?

You

I have a record of all your names calling

Great. Show it to the gods

I'm honestly finished. So if you want to fix this stop what you are doing and start doing what needs to happen. It's up to you. It really is your choice

If you carry on the way u are then we are finished. Do you understand?
If you want to fix this then learn to communicate and accept your mistakes.

You asked me to go to therapy. I'm in therapy. What are you doing?

That's all I'm interested in hearing. What are you doing for this relationship? 11:05

Alex Walker
Great. Show it to the gods
Pure evil

Alex Walker
That's all I'm interested in hearing. What are you doing for this relationship?

I'm dealing with your constant abuse

Different standards

But that's always been the case with you

You insult me abuse me all day long every day and I answer once and I never hear the end of it and get life time punishment

Shocking 11:06

I'm still waiting for the list of when I lost it at you

Yours is daily

What do I do to you aside beeinh on your receiving end of your abuses 14:40

Transcript of Signal messages, in which the respondent accuses me of being the abuser.

Yep I'll ask you to have a look when you're back 21:46 ☺

14 Dec 2023

please can you chase the eletrics cos i think today is our last chance to change the price

will take the lawyer a couple of days etc 10:47

What time are you leaving? 14:09 ☺

im going to go to cafe after this meeting and then will come back again. meant to be at drinks fro 6pm - why?

have you managed to get the electricity report?

ive got all my deposit money in bank now btw, so ready to go 14:12

No cos you said you'd call 14:11 ☺

basically we need to get the agent to find out if they will accept our lower offer 14:12

I really need my space if possible 14:11 ☺

You
No cos you said you'd call

no i didn't ask you if you could chase it as you had been dealing with it

if we want the house next week we are really really pushing it very far and if its not today i dont think we will have a house until january 14:13

And my bed considering 14:12 ☺

so we need that report and we need to email the agent

need to email something like this to agent

Hi,

We've now got all the reports back for the house and as a result of what we have been recommended in the way of work required, how would the seller feel about a £15,000 reduction in the price as there is some work that will be required to carry out reasonably soon, namely

- drains need lining and restoring
- rusting towel rails and missing thermostats
- Reform the GRP skirting between the flat roof above the extension and the rear main wall, which is detached at one end.
- Repoint the joints to the rear chimney stack where the mortar is missing, with cement and sand mortar.
- Repoint the joints to the pier to the front brick wall adjacent to the footpath
- Treat the shed and store with preservative
- The external decoration to the timber is ... [Read more](#)

14:14

Im not going to talk to you so don't start attacking me thanks 14:13 ☺

You promised you would stop this and you've done it again. I can't trust your apologies or your promises anymore. 14:31

Don't come back today please 14:31 ☺

Well I'm going to come back to sleep and then you can tell me what you want to my face 14:34

No please not today 14:34 ☺

You
No please not today

i live there Irene.

you can tell me what you want to my face or you can ignore me but i will be coming back. 14:36

Do not say a word or don't come near me. You won't stay in the bedroom 14:36 ☺

you are unbelievable. I have asked you a very simple request a week in advance and come thursday you still can't put any time towards a house - our future and somehow make me the evil one. 14:39

I don't want to end up calling the cops so please don't come back 14:38 ☺

You
I don't want to end up calling the cops so please don't come back

for your violence?

and your physical abuse?

I
I don't want to end up calling the cops so please don't come back

i have no bed. I'm coming back. But you have demonstrated that you care for nothing but yourself. 14:40

i feel like im trying to get blood out a stone with you and i think you could pull a finger out and demonstrate you actually care.

because im under the impression, based on your actions screaming and physical attacks you do not. 14:46

I am asking you to not say a word to me today anymore please. I am very fragile and I need you to stay away from me. I haven't slept in a month clearly I enjoyed my constant sleepless nights up partying and having fun.

I am revolted by what you think of me. And don't now start to take this as an opportunity copy/paste and change the subject and start new insults.

I am serious do not talk to me when you're home I fear it will end up with the cops showing at the door.

We will talk tomorrow.

She wants reports can you highlight please. I have the highlighted version of the house one I can send her don't know about the rest

15:34

thats fine. You can be as revolted as you like. As usual you spend no time looking at your own behaviour but have no concerns complaining about others. This week, your selfishness, attitude and lack of care for anything except yourself is off the charts.

you also have once again broken your promises, but yet you think you are the one who can be "revolted" - well perhaps its high time you looked at yourself. Honestly I really don't think you've made an ounce of progress towards a better future and you have completely ignored my worries about the house as you clearly do not care about anything.

Alex Walker

being screamed and pushed out of the house and told not to come back is the opposite of a happy family and if you think I'm to blame and you have done nothing then I can't see how you want to live with me

You're delusional

I've asked you for peace. Thing you never ever respect. Leave me alone

Don't speak to me 16:36

I'm in my way back half way through a meeting and headphones died so need to take it from home

So please don't give me a hard time and let me in 16:38 ***

Text book gaslighting

I won't open the door for you that's for sure

If you make it in good

For you 16:37

I'm literally in the middle of a call! 16:39

I'm literally shaking from fear

Honestly do not come here until after your drinks...I'm still shaking 15:41

im not going to the drinks.

maybe you should learn how to care for others then

you were the one screaming

you were the one pushing me and screaming to get out

you are the one who has done fuck all for the house 15:44

This message was deleted.

This message was deleted.

when are you going to think about how your actions affect others and how you act towards people.

We are negotiating a house and on this day you make me feel the worst you possibly could. I'll say this.

If this was two months ago, I would cancel the house. I don't want to live with someone who pushes me around and screams "GET OUT" at me. I don't like that person and I don't want to be treated like that when all I did was try and get our house sorted.

you don't care at all. That's what you make me think.

you know why though right??

What I don't think you realise is all these drugs you shove up your nose and staying up late every day effects you so much. I've asked so many times for you to not do this week and work on the house and you've done it now 3 days in a week.

You only ever do what you want and you don't care about anyone except yourself.

I have made such a huge mistake here.

but don't worry you keep finding a way to make this all my fault. I'm sure you will succeed at that. You are an expert and avoiding blame./ 15:48

Don't come home Alex I'm serious don't make me call the cops 15:49

im coming home I will not speak to you 15:50

You have enough friends 15:49

you call the cops if you want/ 15:51

No 15:49

im coming home soon .I'm not going out
i dont wantt o talk to you
dont worry i hate you 15:51

You have enough friends 15:49

No 15:49

You I don't want you here don't come here 15:50

Its my house too 15:51

No 15:50

im coming back in 10 mintues
and i wont even look at you 15:51

You haven't even given me the bed 15:50

You're sm it coming anywhere near me 15:50

can you email the agent and tell her we don't want the house anymore

You You haven't even given me the bed

you can get in the bed whenever you like.

I asked you not to stay up all night so we could sort the house. Youve ignored me for a week. thats your problem.

you dont care for our relationship and i want to get out of this house before it becomes a disaster.

you are threatening police a week before we buy a house.

no way do i want to live with someone who acts the way you have and then threatens the police

so please tell her we don't want the house any more

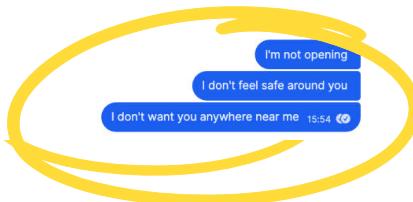

and then i will pack my stuff and leave.

how dare you threaten the police when it is you who has been the aggressive one.

i asked nicely so many times and all you can do is kick me out and threaten the police. You have broken every promise you have made to try and fix this.

i'm coming home now. Here is the deal.

If you realy want to kick me out, then cancel the house and i will walk peacefully out of the door. 15:54

The respondent's best friend called and invited him to meet at the pub. Since I needed to make the difficult phone call to his mother and required some privacy, I was agreeable to his going out. I asked the respondent to return by 10:30 and to keep an eye on his phone, as he had a tendency to go out with friends and disappear for two or three days, often turning off his phone. However, the respondent did not return and appeared at my front door at 06:06 the following morning.

Im really struggling after yesterday Alex. I'm traumatized so it's quite normal I don't feel like speaking right now. 16:18 60

*signal conversation, dated [30/12/2023], referred to in the **Section 4.3.14***

Screenshot of Signal messages between myself and the respondent, after the respondent's refused me 20 minutes rest before the two-and-a-half-hour drive ahead to his mum's I decided to not go and got him to take the train. Despite the 4 pages of conversation, I was hoping for an apology, (that never came), but instead I got made responsible for ruining the whole relationship, the purchase of the house and the New Year's celebrations by both the respondent and his mother.

30 Dec 2023

Walking sorry 12:03

Where are you? I'm at the bus stop 12:01

My legs still hurt from sex 12:03

I think you should get the train there I'll go tomorrow 15:21

Yep 15:21

Not looking good based on the other nights conversation if you do that

Don't bring up selfish again if that's what you decide to do 15:23

I don't see why I have to risk my life for you too 15:22

Two 15:22

I can't stress the level of selfish you are expressing here. 15:23

I'm tired of thinking of you and your mother first before myself all the time

So I'm gonna think about myself as you don't give 2 shits about me 15:22

I don't see why everyone else has to bend over for you because you just go around doing whatever you want expecting everyone else to deal with it. And you can me selfish? 15:23

You committed to Kew gardens to me didn't you 15:23

Well get up earlier?
Don't commit if you can't keep it?
Finally lunch earlier? 15:24

Well you easily cancelled that
To look after your mother 15:23

You
You committed to Kew gardens to me didn't you

Hahaha well done again you promised that was behind us and yet here you are 15:24

No issues there 15:23

You mean Kew the other day? Or 9 months ago?

You are unreal? You can find any reason why you aren't responsible for your actions

Today is the relevance. You told mum what time. You need to pack you wanted lunch. You need to grow up and learn that you cannot just do whatever you want and expect everything to change for you 15:25

Yes you go there
Sorry my plans changed 15:24

You are incredibly self centred and selfish if you make mum change her plans for you because you can't organise yourself. 15:25

I'm not driving for 2h30
Yes you don't affect me one bit I know it's not true 15:24

You
Sorry my plans changed

So have mine. You lied to me. You broke your promise. You do this and I'll never trust you again. 15:26

Would I have been selfish I would have let your mum driving 4hrs to go to Kew
So call me selfish I don't care
I'm exhausted 15:25

You said leave before 4. We have 10 minutes at home. You can keep your promise

You said leave before 4. We have 10 minutes at home. You can keep your promise

You
Would I have been selfish I would have let your mum driving 4hrs to go to Kew

She was coming you offered her not to 15:26

You
I'm exhausted

That's not her or my fault 15:26

You are incredibly self centred and selfish. I'm not sure I can deal with that 15:27

Incredibly selfish when you know the one thing mum asks for is to know when we are arriving.

I hate you 15:27

You
Didn't even check how I felt

You did it to yourself
You chose this

Why do others have to suffer because of your choices?

You need to have a long look at your alcohol issues I think. 15:28

What's that got to do with mum? 15:29

You
Fuckin shouting at me when I'm talking about my friend 15:27

Everybody has to quiet for you to talk and all you do is shouting at people when they want to speak 15:27

Why do I have to say 4 times I don't want to talk about it?
Why do you get to decide what we talk about? 15:29

I'm bored of this I need time alone 15:28

I said it 4 times. Show some respect 15:29

You
Mynhead spins I didn't take my meds last night

You can have alone time for the rest of your life if you want. Just never punish mum because of your actions 15:29

Did t even ask why I'm not feeling well 15:28

You
Mynhead spins I didn't take my meds last night

Not mums problems. 15:30

Yep you go 15:28

You
Did t even ask why I'm not feeling well

You are unbelievably manipulative 15:30

You want to find a reason

So you lie and manipulate

I don't want to be with a person who does that so either learn now or leave

Stay away from mum if you do this.

You made your choices. Deal with them.

You need to grow up. I'm not raising a family like this. 15:31

She'll survive without me 15:29

unfortunately you're going to have to. Your unkindness towards me has repercussions and consequences. Nothing of this would have happened would you have been supportive and nice to me. But instead you shout you are defensive and you're not even half trying to be empathetic towards me.

Btw I've got temperature and I'm shacking freezing even after a bath (as I was unable to stand in the shower)

don't you dare calling me selfish again. But to be honest coming from you it means nothing to me

exactly same thing when planning kew gardens. 3hrs was too long for you so you didnt even attempt discussing it and went straight for: well I'll go with mum

once again, zero attempt to empathise or discussing your way or the highway

again, at Matt's house. you didn't even ask me why I was upset, you went straight for shouting at me

I've had enough. I'm kind to you and I try to accomodate your constant moods and hangovers

neurodivergency you didn't even read the book I got you. RA/fybro you didnt even read what it does to someone's body

just ZERO consideration for me

ZERO

for me or my wellbeing

btw, I just finished washing your grey blanket. true, how selfish of me

we are cursed because YOU ARE NOT NICE TO ME 21:22 ☺

You think what you did and said that lead to this is acceptable?

If you can't understand why I'm upset then I think we will never fix our issues. We are on two different pages.

The trust you did such an amazing job to build the other night, you destroyed in a few comments today.

You ruined something nice in terms of the last few days but what you said has destroyed my belief in anything you say. Only your actions mean anything. I have lost all faith in a chance of us being a team. I believe you will only ever act in your interest.

I'm sorry if you have a temperature. But unfortunately that's not what got us here. You ruined everything in a single minute.

Everything is up to you now as to what happens next. I don't believe the words you say any longer so it's down to your actions.

I'm so so so upset with you because I really believed after the other night we were about to turn a huge page but in one moment you destroyed that completely for me and that is incredibly upsetting.

I hope you are happy with your decision and I can continue to do what's best for you 21:37

I no longer have the energy to try to communicate with you, I thought we had had a lovely couple of days and for no obvious reason you destroyed it today. I don't think you care for anything except yourself and will say anything to protect you.

I have no more fight left for us. If you want to fight then that's up to you now. I'm going to be here. That's all I have to say. I'm exhausted with this constant two day repetitive cycle and I can't go any longer being told how awful I am

So either tell all your friends and family how awful I am or demonstrate you understand the issue today. But I will not fight any longer.

Today was the straw that broke the camels back 21:42

YOU DONT LISTEN TO ANYONE 21:42 ☺

Ok you are not reading what I'm saying. I'm not fighting any more.

I know what happened today. I don't have anything more to say on the matter

I'm not going to do anything or say anything more.

If you're sick go to sleep I can't do anything about that from here.

I hope you can sleep on this and decide what you want 21:43

INCAPABLE OF ASSUMING ANY RESPONSIBILITY OR TAKING ANY PART

YOU'RE FUCKING HORRIBLE 21:44 ☺

More than capable

But I also have my needs and today you broke something that can't be forgotten for me

Today came out of nowhere for no reason and you then blame me for it. I'm finished trying to talk to you. Communication is futile

Act but please don't tell me anything about how bad I am. I already know everything you think of me. I don't need it repeated again please

I know what I'm responsible for. I know what I've done wrong. Today however is your problem to fix or not.

Goodnight. I'm going offline. I've said everything I can. 21:46

you're so selfish

so fucking selfish 21:52 ☺

I know in the past I've got angry or shouted. 21:52

you're the one that broke eEVERYTHING by being selfish, mean uncaring 21:52 ☺

But today, that was all you and you have broken a trust today I can't fix by talking to you 21:52

and completely disregarding anyone's needs but your mums

i'm done 21:52 ☺

So I'm sorry but I'm not going to argue with you any more 21:52

Ok
That's fine by me after today 21:53

i doin't want this anymore 21:52 ☺

I don't have the fight in me to carry on 21:53

i'm kind to you and caring and i expect the same back 21:53 ☺

Not today. Today you were the worst version of yourself I can imagine 21:53

you cant EVER LOOK AT YOUR OWN MISTAKES 21:53 ☺

You
its always someone's else fgault
Today it was entirely yours.
You made a decision and you stuck to it so you didn't have to take responsibility. That was the last straw for me 21:53

its always someone's else fgault
bye happy new year 21:53 ☺

you disgust me. you really broke my heart here. your words.... youre just so IMMATURE and so self centered
you'll find your stuff packed outside the door on your return

you cant even say: yes I should have attempt a discussion when you said you wanted 20mins rest instead of shouting at me and giving me ZERO alternative 22:01 ☺

Today you broke all the trust you built the other night. 22:01

who the hell do you think you are 22:01 ☺

You
you cant even say: yes I should have attempt a discussion when you said you wanted 20mins rest instead of shouting at me and giving me ZERO alternative

Are you lying to me or you? That's not what happened in the street. You said that far far later.

If you keep lying to me and yourself we can't progress. You said 20 minutes much later after the damage was done.

We had two lovely days and you destroyed everything in one second. This is your mess for you to decide to fix or to leave as it is.

I'm too exhausted for this to keep happening. We left lunch all good. Within 10 minutes you destroyed all the trust you built the other night. 22:03

broke your trust? for asking to leave 20mins later?
are you serious?
just look at yourself FOR ONCE IN YOUR LIFETIME
naaaaaan you did that all by yourself 22:09 ☺

You didn't ask for 20 minutes. Not until you realised the situation.

Similarly to mentioning you didn't feel well or your fibro was a problem.
All things that didn't seem to effect your lunch but we're convenient when you need those excuses.

You just said you didn't want to go to mums and I was selfish to say that you had made all the plans. It was that specific comment (and throwing the mug at me) that broke the trust you had built just 24 hours earlier

You can keep telling me what you want to tell me but I know exactly what order things happened in 22:11

you have the biggest ego i've ever encountered in my life
grow up
MAN UP 22:12 ☺

And I know exactly why I feel how I do. You prefer to protect yourself by accusing me of all these things that hold your hands up and say "yep I'm responsible"

Just stop writing to me and decide what you want to do. Only your actions speak now. Everything else is just more of your ways to avoid your responsibilities and I'm finished with you, in split seconds, ruining nice things. We had two days of lovely and in a second you destroyed it.

It's all up to you what happens in 2024 now. 100% your choices now. 22:13

Good night Irene. I don't know why today happened but I can't live not knowing when it's going to happen again. Please get some sleep and if you want to drive here tomorrow then that will speak louder than any words you can say. Anything else and I'll assume we both know what has happened

I do love you but today you destroyed the trust you built two nights ago so I'm staying here indefinitely now 22:19

I hope you sleep well Irene but texts and words aren't going to fix this any longer. We are too far along especially after today. Trust breaks very easily.
Good night x 22:48

I won't be coming tomorrow or ever not unless you grow up and become capable to look at yourself and your mistakes, drop your massive ego 23:53 ☺

Hey. Mum just said to Mitzi I'm very cross with you but I still love you. That's how I feel. 23:53

until that happens forget me 23:53 ☺
