The property

*Exhibited in response to para. 6  
of the Claimant's 1st Statement*

---

The property is 92 Ollerton Road, Arnos Grove, London N 11 2LA. Irene and I purchased the property for £860,000 on 2 February 2024. In addition to this we paid a further £35,637.60 in stamp duty and other costs of purchase. It is registered at the Land Registry with title number MX466 IO in our joint names. We hold the property as tenants in common in equal shares.

## Worst incidents

5.0

**5.1** The worst incidents of abuse was: **another incident**

**5.2** The worst incidents started on: **2nd February 2024**

**5.3** The incidents ended: **never**

**5.4** Details about the worst incidents

- (1) The respondent and I decided to proceed with the purchase of the house. I made one condition: that he would start anger management therapy. He agreed, but a few weeks later, when I asked him how the therapy was going, he told me he had stopped after the first session because "it didn't work" and he thought £40 was too expensive.
- (2) The respondent was in a good financial situation; he would go to the pub multiple times a week, buying rounds of drinks for all his friends, and he frequently used cabs instead of public transport.
- (3) We received the keys to the new house on the 2nd February, and I had until the 1st March to move out of my flat. I spent the following month packing and driving between the two places, moving boxes on my own without any help from the respondent.
- (4) On the 24th February, I fell off my Vespa, which left me terrified of how the respondent would react when I had to ask him to take over the move for me. From the day after the accident, the shouting was relentless. The respondent continuously reminded me that he was doing me a favour and constantly demanded gratitude for his help. The insults became more and more vulgar and aimed at agonising me. The ongoing abuse began to profoundly affect my mental health.
- (5) Despite being unemployed and having minimal savings, I contacted the respondent's best friend to purchase a KitchenAid valued at £700 for his birthday and dedicated considerable time to organising a surprise. I expected he would show some gratitude by refraining from his outbursts of anger for at least a few days, but that did not occur (see Exhibit n°ISS-09).

2nd March 2024

- (6) My first morning in our new home was one of the worst days of my life. The respondent had to drive to my old flat to hand in the key for the inventory check-out, as my knee was still injured from the accident.
  - (a) The moment the respondent woke up and realised he had something to do for me, he completely lost control. He opened his eyes shouting and began accusing me of constantly "breaking his balls", and being perpetually unhappy, demanding, or angry. I was barely awake, I was smiling and had only said "good morning". It was our first morning in our new home, and I was happy.

- (b) For a moment, I forgot not to react and said: "Please stop shouting and stop gaslighting me", and the madness began. It was the first time, among many, that I recorded him (**see Exhibit n° ISS-10**).
- (7) Subsequently, the abuse continued unabated (**see Exhibit n° ISS-11**).
- (8) I had lost all will to protect myself from his abuse and had come to believe that nothing could save me from it. The gaslighting and threats were relentless. Even if I remained silent most of the day, the respondent would instigate arguments over anything at any moment, and then accuse me of constantly shouting at him, demanding things, or complaining.
- (9) It couldn't have been true. By then, I had completely lost my voice and learned that any sound I made would lead to the respondent punishing me, imposing a new rule, or controlling me with a threat.
- (10) By then, the respondent had trained me not to resist his abuse. I had learned to behave in ways that would result in the least severe punishments. He had stripped me of all means to protect and defend myself, leaving me completely submissive to his abuse. I had lost all strength and will to resist. Every aspect of his behaviour was solely intended to dominate me, to win, and to be right at all costs.
- (11) The respondent's constant, destructive criticism of everything I did or said at home, and even more so in the presence of others, significantly worsened my pre-existing social anxieties.

23rd March 2024

- (12) On the 23rd March, we went to the Cotswolds with the respondent's friends for a couple of days. When we returned from the pub around 22:00, everyone went to bed, including us. I sat at the edge of the bed and turned on the TV, lowering the volume to level 4. The respondent came up from behind me, pushed me so hard that I fell off the bed, and began shouting that I was disrespecting his friends and only thinking of myself—his usual accusations. I was frozen and did not react. He had never been physical with me before. I messaged his best friend, Robbie Myerson, to report the respondent's behaviour and ask for help (**see Exhibit n° ISS-12**).
- (a) The respondent went straight to sleep as if nothing had happened. I decided to leave five minutes later; I packed my bag, woke him up, and told him I was driving home.
- (b) The respondent grabbed me, threw me onto the bed pinned me down, and used his body weight to restrain me; blocking my shoulders with both hands. He demanded that I stay and not ruin the weekend for him and his friends. He threatened that if I did not comply, he would not only prevent my parents—who were driving from Luxembourg to visit us and see the new home for the first time—from coming to our house but also make their visit so miserable and unpleasant that they would never want to return. He further threatened to make false allegations about me to them.
- (c) The next day I stayed in bed shocked by the respondent's physical violence, instead of participating in the group's activities .

25th March 2024

- (13) My parents were due to arrive on the 27th. Despite the situation, I naively hoped that the respondent's behaviour might change with them in the house. However, the day before their arrival, the respondent threatened me again, this time regarding the property and the mortgage. He claimed he had contacted the bank and was assured he could withdraw from the mortgage agreement, leaving me solely responsible for the entire mortgage and was about to "really fuck me over". I was devastated that someone who had once been my best friend could contemplate hurting and destroying me in such a way. The respondent was so overwhelmed with anger that I couldn't understand what had happened to cause such an outburst, and when I asked him he answered: "Then you're fucking stupid" and "you're so fucking blind" (**see Exhibit n° ISS-13**).
- (a) I had a work contract that lasted about eight weeks and it was so demanding that I worked through the nights and barely took lunch breaks. I had asked the respondent to help get the house ready for my parents and put his clothes on the clothes racks I had purchased, but, instead of helping, he left the house, came back late at night, and went straight to sleep; leaving me to do the job despite needing to work through the night.
- (b) The respondent made it extremely challenging, on purpose, for me to focus on my job; I was constantly disrupted by his shouting, and I had to ask him to "wait until I passed my work deadline to shout at me".

26th March 2024

- (14) It was the first time my parents were visiting to come and see our new home; they had rushed the sale of their own property and contributed £150,000 towards the deposit, with the genuine intention of financially helping the respondent. We had only been living in the property for less than two months, and it would have broken their hearts to know about the situation.
- (a) The respondent kept on accusing me of being the cause for us not being able to communicate, completely dismissing it came from his shouting. He then accused me of not putting any work into the relationship, despite him stopping anger management therapy after one session because: "it didn't work" as well as couple therapy, while I had done about 10 years of therapy, and continuously did self work. As a result his anger outbursts increasingly worsened by the day. The respondent accused me of "being the attacker" despite the fact that in the house: "I was hiding away because he was constantly attacking me".
- (b) The respondent threatened me to ruin my family Easter and vanish if I didn't take responsibility for myself and apologise for not attending the pub - see 5.4.12 (c) - the day after his physical violence.

27th March 2024

- (15) It was the first time my parents were visiting to come and see our new home; they had rushed the sale of their own property and contributed £150,000 towards the deposit, with the genuine intention of financially helping the respondent. We had only been living in the property for less than two months, and it would have broken their hearts to know about the situation (see Exhibit n° ISS-14/A).
- (a) Despite their generosity, and despite the respondent punishing me for small things like arriving 20 minutes late to his mother's house, on the day my parents arrived, the respondent texted me to say he was "never coming back", that he was "not going to bend over for us", and that I "had to learn a lesson", before disappearing (see Exhibit n° ISS-14/B).
- (b) My parents' stay went horribly wrong. Realising that the respondent refused to change his behaviour or even try to hide the situation from, and for them, and enduring his continuous threats and abuse despite their presence, my patience eventually ran out; I could no longer remain calm and silent. In the presence of my parents, I began shouting; expressing that I could no longer tolerate his abuse; I was overwhelmed with agitation, anger, and disappointment.
- (c) I had learned to manage my reactions after enduring almost six months of constant abuse; however, at that point, I finally exploded. The respondent was quiet and I was, for once, the one shouting. My parents couldn't understand what was happening; I was the one out of control from their perspective, not him. To this day, my mother still struggles with guilt for not understanding my situation and not taking my side that day.
- (16) The respondent then repeatedly put me in danger while I was driving by shouting and yelling, using verbal abuse, and engaging in physical intimidation, such as pretending to hit me or throwing objects at and around me. His erratic and dangerous behaviour almost caused me to lose control of the vehicle.
- (17) The respondent's public shaming, degrading, and humiliating behaviour became extreme, leaving me feeling profoundly embarrassed and degraded (see Exhibit n° ISS-15).
- (18) Our new home was filled with terror. The respondent would both pretend to throw objects at me and actually throw them at me, breaking my belongings, and damaging my property. He physically intimidated me by blocking doors, clenching his fists, banging and hitting my property around the house etc... His behaviour involved both physical violence and threats of physical violence (see Exhibit n° ISS-16).
- (19) The respondent would create and enforce rules, using punishments to compel my obedience. He forced me to admit guilt and to repeat the apologies he dictated. I was required to say I was responsible for everything or to confess that I did "fuck all". Sometimes, he would even take food away from me, when "I didn't deserve it" (see Exhibit n° ISS-17).
- (20) The respondent would hide my personal belongings to force me into compliance. As soon as he finished work, he would slam my laptop screen shut and throw my phone against the wall to demand my full attention. I was constantly having to hide my house keys, car keys, laptop, and phone.

- (21) He would also punish my parents by cancelling family events at the last minute or creating arguments (though never in front of them), which ruined our time together and left them worrying about my living situation and unhappiness.

10th April 2024

- (22) After my parents left, the evening before the incident, I noticed a broken mug on the kitchen floor and that the cats had played with the toilet rolls. I remember it vividly because, despite knowing the stress I was under with work and how obsessively hard I was working, the respondent made no effort to help with household tasks. He had left the broken mug on the floor and refused to clean up or pick up the toilet roll. It would have taken him only two minutes, but instead, he would be either in bed or on the couch, watching Netflix and smoking weed.

- (a) When the respondent came home from work, I started recording on my phone as soon as I heard him coming through the front door. He walked in shouting that I was: "doing fuck all", that the mess on the floor was my fault, and denying that he had broken the mug or that it had even been there the day before. He accused me of being selfish and claimed that I only did things that were fun or beneficial to myself.
- (b) The respondent expected me to adhere to traditional gender roles within the house. He also claimed that he was financially supporting me by paying my mortgage and rent, which was entirely false; my family was helping with those expenses, and I had my sources of income from freelance work. Whenever I wasn't working, he labelled me as a burden, contrarily, when I was working, he became even angrier because I was spending less time cleaning and tidying up after him.
- (c) The respondent then threatened to open the door and let the cats loose if I didn't clean up after the cats and "after his shit", and he even kicked one of them. Trying to escape the shouting and continue working, I headed upstairs to my office, where I sat against the door to block him, as there was no lock. He followed me, kicked the door, causing damage, and tried to force his way into my space while shouting and threatening me. I was terrified and feared for my life.
- (d) I asked both my friends, Manuele and Claudia if I could move in with them and bring the cats, but unfortunately, neither could accommodate me at the time. On the same day, I also reached out to the respondent's best friend, Robbie Myerson, and his wife, Ziba, to discuss the severity of the situation. This was the only alternative to reporting him to the police that I could think of. The constant fear of the respondent's behaviour caused me to postpone the call several times, which eventually took place on April 12th (**see Exhibit n° ISS-18**).

Good morning Olena,

I won't be attending the session today as I have to take the cat to the vet I'm hoping Alex could do with a 1 to 1.

I have been moving home for the past 3 weeks and I fell off my vespa 10 days ago.

Since then I've had to ask Alex to help me. He's been shouting at me every single day. And when he shouts he says I'm the one shouting when I'm not even saying a word. He's going too far now I'm a bit scared I'm going to stay with my friend for a few days.

This was Friday morning where he started shouting at me and then he said I was the one shouting so I've told him to stop gaslighting me. The recording is the consequence of me saying this.

Please don't tell him I've recorded this...

I think he's turning schizo from all the weed he's smoking.

I'm wondering if you would be able to suggest to him to go onto sertraline? I'm too scared to suggest anything like to him it wouldn't go down well at all....

Thank you so much,  
I'll speak to you in our next session.

Best,

In these messages, I express to the respondent that I have reached my limit regarding his abuse.

Good idea  
Alex I'm really at my limit with your shouting I can't anymore  
It's abusive I don't deserve that. Not even an effort around your birthday. I go miles to please you and that's how I'm thanked? I think I've switched off the relationship I'm not sure I still love you after the way you treat me and the things you say to me 11:15

well this is why I want you to have a private session with the therapist  
because I feel the same about you, but we seem incapable of understanding that we both have the same feelings about the other at the moment and there is no recovery until we do understand that. So please discuss this with the therapist because I think its the last hope. The only thing I hope now is that you understand its not just you who feels this way and there are legitimate reasons for it.  
I'm going to go to Mums on Sunday for a bit, please have a think about the best plan for the cats in the meantime

You Alex I'm really at my limit with your shouting I can't anymore  
Ultimately I can't deal any longer with not being able to communicate with you about anything at all. I know that the shouting is bad, I've mentioned this a gazillion times but what I fail to get across to you is that is a reaction. What I am reacting to, for me, has to change otherwise this is futile, so please have a good session with the therapist tomorrow and listen to what she has to say. After that we can chat.

I can only say one thing. We both need to do things if we want this to work it will not come from just me stopping shouting. Put it this way, if I fixed ALL my issues, \_we\_ would still have issues, because it requires you to do things too if we want this to work.  
lets not speak today please. The idea was you are going to Claudia's for space, so please dont spend it messaging me. Use the opportunity to think.  
you are not innocent.  
I'll speak to you when I see you and if you are capable of it, we can have an honest conversation but storming off when you hear something you don't like, that won't get us anywhere.  
please lets not speak for the day, we have a lot of thinking to do

You It's abusive I don't deserve that. Not even an effort around your birthday. I go miles to please you and that's how I'm thanked? I think I've switched off the relationship I'm not sure I still love you after the way you treat me and the things you say to me  
ultimately I think you don't understand what you say to me. To use words like "liar" or "gaslighting" in a relationship is horrendous and just to win an argument.  
lets stay offline.

You Please can you leave me some chicken for tomorrow?  
I find it very odd that you ask me this  
You It's abusive I don't deserve that. Not even an effort around your birthday. I go miles to please you and that's how I'm thanked? I think I've switched off the relationship I'm not sure I still love you after the way you treat me and the things you say to me  
followed by this. And again comes down to your definitions of "favours". Why ask me to do something to then send that message straight after. What makes you think I want to help you if you do that> 11:47

Alex Walker I'm going to go to Mums on Sunday for a bit, please have a think about the best plan for the cats in the meantime  
What? I booked Italy around your Brussels dates so that the cats wouldn't be alone 11:48

its mothers day. 11:51  
Ok I'll cancel Italy 11:48

what are you talking about anyway 😊  
you booked them at the same time as I was in brussels  
so how is that making it so the cats wont be alone?  
we would both be away?  
thats the opposite  
You Ok I'll cancel Italy  
stop being like this Irene 11:51

You Can't even take on you the disgusting way you speak to me 11:49  
I dont have to go for very long, 2 nights etc..  
You You can't even take on you the disgusting way you speak to me  
why are you bringing this up now?  
Alex Walker well this is why I want you to have a private session with the therapist  
... 11:52

i think the same about you. Happy now? 11:52  
I'm never EVER EVER DOING ANYTHING NICE FOR YOU EVER AGAIN  
For me you and I are over 11:49

please can you explain to me how you going to Italy at the same time as me going to Brussels means the cats wouldn't be alone? 11:52  
It's disgusting how you treat me 11:49  
hello?  
please talk to me about the cats 11:53

You You think it's ok to treat me like that  
and you think its ok to use gaslighting as a weapon in an arguemint. Same same. 11:53  
You think it's ok to treat me like that 11:50  
It's ok that you're shouting at me and tell me I'm the one shouting 11:50

Alex Walker  
please can you explain to me how you going to italy at the same time as me going to brussels means the cats wouldn't be alone?  
No you were leaving on the 18th  
11:50

You  
It's ok that you're shouting at me and tell me I'm the one shouting  
its a reaction to you.  
11:53

ahh i see what you mean  
11:53

And I was coming back then  
11:51

You  
Oh yeah you justify it  
11:53

i can yeah. because if i stopped shouting and never raised my voice again, you wouldn't change.  
11:53

Of course it's ok to treat me like you do because you always have a reason to justify how disgusting you are to me  
11:51

oh and btw if you want me to do the "favour" of driving you to heathrow on saturday, i would stop this attitude.

You  
Of course it's ok to treat me like you do because you always have a reason to justify how disgusting you are to me  
If you hadn't acted the way you do, i wouldn't have shouted. If I stop shouting, you will still act the way you do, so I would still be unhappy, just not shouting. how is that fair?

I am going to go to mums on sunday morning until tuesday morning. I will leave the cats 48 hours of food and water and clean litter. They will be absolutely fine.

but if you want to keep fighting, do so after you have spoken to the therapist. Nothing I say will get you to see you are just as responsible so I am not interested in trying any more..

If I say I am guilty of shouting, can you tell me what you think you are guilty of?

anyway, have a good time, please stop messaging me about this it gets us no where.  
11:57

lets not speak over text anymore. Don't ask me for anything like chicken or heathrow drives and then expect me to actually want to do those things. I will speak to you after therapy in person but no other way.  
12:08

12:15

I just really would love to hear that you are aware of what you do, which I have never heard. I have said so many times my shouting is bad, but not once have I heard you say that you are also part of the problem. We won't progress if you believe you are innocent.

You  
Of course it's ok to treat me like you do because you always have a reason to justify how disgusting you are to me  
I also think you might be deaf. How many times have I said my shouting is bad? Are you able to answer this question perhaps?

So when have I ever said its ok to shout? Answer me this. Stop being manipulative with your words. Its poison to communication.

there is no progress until we both accept are parts in this. Perhaps stay at Claudia's until you understand that so we can progress and communicate.  
12:38

I think we should keep the house as friends and make it a fun project but I don't want to stay in an abusive relationship  
12:44

Nor do I but I do want to fix it however I can't fix it on my own

As I say shall we speak after your therapy?

But just to be clear, so I understand, you accept no responsibility for the issues in our relationship then? Just so I know, you think I'm 100% responsible for everything that is not good?  
12:48

Please let's just speak on Thursday or something I can't deal with these text conversations. We can barely keep a conversation in real life let alone in text  
12:51

Please can you add your purchases to the spreadsheet today

I don't want this to end if we can both learn what we need to do to be better. But I understand that if we can't do that this is not sustainable. I know I can stop shouting but we both have to commit otherwise there's no point  
13:00

You are abusive textbook.. "I've hit you but you made me do it"

There's nothing that can be fixed until you stop holding me responsible for the things you do. I don't deserve to be treated the way you do. I don't trust you anywhere as bad  
13:40

> "I've hit you but you made me do it"  
but these were literally your words  
like you said this to the therapist "he drives me to shouting at him"  
13:43

You shout and say I'm the one shouting. There's nowhere to go from here  
13:44

Please leave me alone  
13:45

The abuse continued unabated, and I urged the respondent to consider seeking medication to help manage his uncontrollable emotions.

Alex Walker 🇺🇸

but you are messaging me

so you take no responsibility? The idea of "it takes two to tango" means nothing to you?

if you can't see your part in these issues then i agree we cannot move forward.

**You**  
You shout and say I'm the one shouting. There's nowhere to go from here

No read above, I have said so many times, "I know my shouting is bad"

what part of that do you not understand is me claiming my responsibility. 13:45

You're a dictator. You dictate rules and for other you are exempt from them 13:43

if you can't hear me then that's not my fault. I'm well aware that shouting is bad as I have said so many times but you seem to ignore me. 13:45

You treat me like shit

I'm out 13:43

I AM WRONG TO SHOUT

when will you read that message? 13:45

You're abusive 13:43

ok

well im sorry you think everything is all on me

because if you want to be a better person for yourself, look inside./

if you want to have a good relationship, communicate.

but if you want to just point fingers, then you are excellent at that already

**You**  
Please leave me alone

ok. I will leave you alone, but you also then have to leave me alone.

otherwise it doesn't work. 13:46

I think you need to go on medication

You're incapable of controlling yourself

And I'm scared of you 13:48

if you want me to leave you alone, then you need to stop messaging me

**You**  
You're incapable of controlling yourself

I can control myself, but like everyone I have a fuse and until you are willing to accept you are 50% of this relationship and therefore you also have to work on us being better for there to be a hope of success, there is no hope for us.

For the billionth time, I am not proud of shouting, and I know I shouldn't do it. When will you process that?

we both have to do our bit and you are not willing to accept that.

so we are then stuck.

I won't repeat this again so just read back if you want to know anything I have to say on the matter. 13:52

No you cannot 13:54

yes, I can 13:57

Yet again you show we can't work on anything then 13:55

yes I can. My shouting is bad - have you read anything I have said?

if you aren't going to read, then don't write to me please. I don't see why I should read but you just ignore me.

**You**  
Please leave me alone

you want me to leave you alone, so leave me alone. Do you understand? It's a bit like our relationship, you are 50% of it. Please leave me alone. 13:59

I think weed might have turned you schizophrenic 13:57

leave. me. alone.

You want me to leave you alone, so I want you to leave me alone.

do you not understand your doing it right now - you are wanting one thing but doing a completely different thing.

LEAVE ME ALONE.

we will talk after your therapy. 14:01

About to have therapy please can you pay for it I've sent you the link 16:59

Yep

Done.  
Why am I still being asked to pay 1k for payment shield?

You  
Busy sorry

Just imagine I'd responded with your attitude.

Think about that for a second. 17:07

Alex Walker  
Done.  
Why am I still being asked to pay 1k for payment shield?

Thanks 21:06

As in I thought we had paid for the insurance now?

Did you have the therapy today? I thought it was tomorrow 21:17

you booked the collection for tomorrow? im not here - its not boxed up yet

do i need to box it now? but no one will be here to collect it

Please can you change it to Thursday?

I said I'd need your help to turn it over so not to damage the legs

So even Friday might be better

But I'm in the office tomorrow as it's Wednesday 21:38

I didn't and I can't change it

I have no idea why this has happened I'm trying to get in touch please can you do the same 22:16

Yeah I tried with the online chat had to install Facebook messenger 😊

I've boxed it up anyway

I need to find sellotape

On the off chance they arrive at 8am I can be ready now

Sweating 😱 😱

It's back in the box but turning it upside down I did a bit of damage but I hope they don't notice it and maybe be can lie 22:31

Outgoing voice call · 8:37

Call again

Check my toolbox for tape 8:52

I could have sworn we have brown roll tape the other day here

Sweet found it 8:58

Got the new table 9:29

Cool. Any idea how long until they are here I need to leave soon 9:32

Anytime soon

We're the first collection 9:32

Please have a look at setraline medication. I don't think I can be around you if things stay this way..

I won't be coming home today 9:39

why should I look at sertraline? 9:40

You are so lucky to have me you have no idea. You just take me for granted.  
Me on the other hand I spent my life getting shouted at and I am much happier away from that.  
Stop hating the world stop being angry at everything. Be grateful for the life you have.

Because you're so angry at the world. I'm scared of you  
You can't control your emotions  
Just tried it at least and see if it makes any difference

Otherwise I'm going to have to sublet one of the rooms to cover my mortgage 9:45 ☺

I'm leaving in 12 minutes  
Can't stay any longer  
Takes me an hour to get there 9:40

07506777637  
Drivers number 9:49 ☺

No I'm angry that after all these years of me saying the same thing you have such disrespect you would rather keep doing what you're doing than put your hands up and say "I'm wrong, sorry".  
You accuse me of gaslighting yet you are trying to pass me off as schizophrenic. Do you understand the irony there?  
I'm angry Irene that I've tried every way I know how to tell you that you are upsetting me and you have not once accepted that you might have done that. I'm now at the end of my fuse and it takes very little for me to get upset again because it's the same for years.  
If you cannot understand it's possible for someone else to be upset and all you need to do is accept your part then yeah I agree this is futile.  
But I said this before we bought a house, did you listen. Nope. Because you know better.  
The fact is until you realise we are both responsible for things in this relationship you are basically asking me to take every single thing that goes wrong on me and you are responsible for nothing.  
That is not a relationship I want to be in.  
If you can't understand that then why did we buy a house when I made it clear what I was worried about

You  
Just tried it at least and see if it makes any difference  
No. I'm not taking your gas lighting drugs because you say so.

If you want to have a positive outcome you need to change your attitude to this relationship and I will be able to control my anger at you. 9:55

I make mistakes. I'm very very aware of that.  
In a relationship however we both have to accept our own mistakes to move forward and better ourselves. You are not allowing yourself to be responsible for anything and as a result everything has to be my fault

There is only so much of that the most patient of people can take. I'm not schizophrenic. I'm out of ideas to try and illustrate when I'm upset to my gf. If she can't see I'm upset then what's the point 10:02

You're delusional Alex you really don't see reality as it is. Keep on telling yourself I'm the cause.  
As always your ego is more important than our relationship.  
Btw approved by the professional: your textbook abuser

I'm done im.pit  
Out  
I'll start looking at renting out my room 10:13 ☺

No once again you don't listen  
I'm responsible for my part but until you take responsibility for yours there won't be a solution.  
I love how you accuse me of gaslighting 10:16

You've just gone totally mad 10:13 ☺

But yet schizophrenic and delusional  
Now mad  
You will say anything won't you to protect yourself  
And no you will not be renting your room out. You have walked into this you will fix it but there will be no tenant here.  
The most important thing to me is our relationship but I can't fix it alone without you and until you accept that you are half of this there is no fix  
I get upset. You are incapable of understanding that it could be you who is upsetting me. I shout. It's bad.  
You have no idea what you do.  
So if this is what you want, then the only option is to rent the whole thing out. I'm not living here alone.  
If you can't work with me on this then don't message me. 10:20

You said to me "if it doesn't work we will sort it out and rent it or sell it". Stick to your words and own your responsibilities. If that's what you want then we do it together and rent it.  
But don't walk away and leave me with everything.  
Table has gone. 10:29

I think we shouldn't speak when I come back home. I have PTSD from all your shouting I can't hear your voice anymore 10:56 ☺

Works for me. Until you can take responsibility for your actions we have nothing to say. Except how to get out of this house situation.  
You prefer to protect your public image than to take any responsibility. I don't want to talk to that person. 11:01

please add your items to the spreadsheet thanks 11:08

You're mad totally mad you're blocking on something you've created yourself and it's not true 11:09 ☺

OK 11:11

I want to have a recorder in the house 24/7 11:09 ☺

If that's what you think that's fine 11:11

I don't feel safe around you 11:09 ☺

7 Mar 2024

3 times you drove me to walk away 3 TIMES.  
And all of those times you still expect ME TO ASK YOOOOOUUUU why you did the things you did to drive me away

YOU NEVER ONCE THOUGHT OF ASKING ME HOW I FEEL OR

Not a single care for the reasons you are driving me away

You're just a waste of time

You just abuse me take everything from me and give nothing back

You think you're the only person that matters in this RELATIONSHIP

You're incapable of admitting how much I take on from your constant daily MORNING CONSTANT ABUSE

You couldn't care less how scared you make me feel

How unbearable you are

I CANT SAY A WORD TO YOU WIHTOUT YOU EXPLODONG

Then you complaint about communication issues

I don't feel comfortable putting money in there until we've figured out what you owe me from the previous house as you seem to not want to pay me back until you have that attitude I shouldn't give you a single penny

You got your cashback money for now you can get that key thing with that

Would you have been fair none of this would have happened

But you seem to keep my money in hostage 17:45 ☺

don't worry its not with you that i want one 20:02 ☺

my health is deteriorating 20:02 ☺

not something you would have a clue about 20:02 ☺

I won't be able to hold a baby soon 20:04 ☺

... my. numbness is spreading 20:04 ☺

Alex Walker

So before we bought the house and I said to you I'm worried about you wanting a baby and you said you weren't even sure you wanted one, then we buy the house and you say this? ...

I never.thoight you'd ever turn so horrible at me but I was wrong

20:05 ☺

It's a neurological disease 20:13 ☺

I don't know but I don't want to feel this stress and anxiety any longer. I'm completely over it  
Right now I can't imagine a situation that feels more like hell than this one.  
Yes yes you call it drama if that is what you want. I don't care what u call it. 19:26

No I wasn't I'm just putting clothes rack up  
I need you to do this please 19:27

I told you I don't care. 19:29

Ok conveniently

I came downstairs after your request and you just fucked off 19:28

You  
I came downstairs after your request and you just fucked off  
Yep.  
Because I don't care about the fucking clothes rack.  
When will you get it in to your head. I do not care any more.

You  
Ok conveniently  
You're a fucking wooden block when understanding the state we are in. It's fucked. It's hell. I want to be no where near that house.  
You've always got the answer. And you have no idea how wrong you are. I'm out of this the moment I can work out how.  
I told you things have got to change. They haven't. I'm so weak that I don't want anything except out. 19:34

In so wrong about what? I haven't said a thing 19:48

"ok convenient".  
You think I left to avoid doing hanging rails and stuff and have no consideration for the actual reason.  
That's what you are so wrong about. You are so far from understanding the situation.

I know I said earlier that we had until Thursday to work this out but if we have just discovered your parents are coming on Wednesday then I think we are out of time. 19:54

You think I'm doing nothing and stuff and have no consideration for the other person.  
That's what you are so wrong about. You are so far from understanding the situation.

I know I said earlier that we had until Thursday to work this out but if we have just discovered your parents are coming on Wednesday then I think we are out of time. 19:54

I've done one room you can do the other one

As obviously you disappear when we had stuff to do for a change 20:16

what are you not getting?  
I don't care.

You  
As obviously you disappear when we had stuff to do for a change

There's nothing you can say that will get to me Irene. It's too far gone now

You aren't going to get me to suddenly do things because you attack me anymore. I'm over it all.

It's like a weight being lifted 20:20

Me attacking you? You just complained that I don't care and that I don't talk

That's funny

I mean you're constantly attacking me I'm hiding away

Now I'm the attacker 20:21

You don't care 20:22

Jesus 20:21

You care about a clothes rack

You

26 Mar 2024

I'm sorry I need to work tonight I'm just so shit it's taking me too long but have to send it by 9am. Should we spend some time together tomorrow? 0:49

I can work on the laptop downstairs if you're awake for a bit longer? 1:24

? 1:38

I don't know what's going on with you I came downstairs yesterday to do things together you weren't there I came to get you in the night.

I only asked you to wait to shout at me till I met my deadline

You don't understand I'm not doing well at work and you're making my life hell

You're not happy I'm working now

If you did you'd leave me working in peace mainly when you see me crying and not sleeping 11:24

You have no idea what I was trying to ask you because you insist on interrupting every single thing I say 11:26

If I say a word when you're on calls you destroy me I can't even say wait until I've sent my files? 11:25

You have not once considered anything I have said not our relationship nothing.

And now I want to get out of this house and never ever return.

If you can't work with me. Don't message me. I'm speaking to the bank to see if I can get my half bought back by them.

I've tried every way I can think of but nothing changes and it's too much for me to cope with so I'm planning my exit. You can stop that but not the way you are going about it now.

I'm hating this situation so much I'm going mad and if you won't work to fix that then I'm working to get out.  
Your parents come tomorrow. I tried to talk to you for 1 minute but no, interrupted again. There is no hope.

You never ask any question you think you know everything you constantly interrupt me you never listen to how I feel you do nothing to improve this teamwork issue and I've lost it and I can't do it any more.

I will not be here for your parents or Easter if you don't deal with this right now. Don't get pissed when I leave.

I honestly have no interest in being with you in that house any longer

I hate it so so much

And that's not even bringing up this weekend we just had. I'm finished.

You  
I don't know what's going on with you I came downstairs yesterday to do things together you weren't there I came to get you in the night.  
...

Then you're fucking stupid. I left the house because I hate it there. I hate our relationship hate everything that has happened.

I left because I can't be in that place any longer. Are you so fucking blind to that that you really don't know why I left?

I can't talk to you I can't discuss anything with you I can't suggest anything. This is the worst advert for a relationship ever.

I'm broken and I want out. That's all I want. Out. 11:35

I find it so telling that you thought I left out of "convenience". You really have no idea at all about how bad this is 11:39

Screenshot of Signal conversation, dated [27/03/2024]. The day my parents arrived the respondent sent me a message where he told me: “wasn’t coming back”, “that he was not going to bend over for me and my family” and that “I had to learn the lesson”, then vanished.

You  
I've changed the litter twice and can't do it a third time on my own

But you didn't. You just left a complete mess before you left for uni on Saturday and never cleaned it up. Do a job properly.

You  
You really are horrible ...

Then leave me.

You  
So Rory if I ruined your ducking little friends weekend

You did. And probably our relationship in the process. 14:32

I'm in bed you will need to be look after them 14:30

I'm not coming back. 14:32

What

You swore yesterday you would 14:31

I did. Until your actions today.

You can't talk to me like you want and expect me to bend over.

You need to learn a lesson.

If you are like this I will be.

You just say and do whatever to get sex then straight back to the constant attacks. I'm through with you.

Why don't you tell them you spend your time snorting pills and drinking and then I have to clean up after you?

Shall we see how that goes?

Yesterday you did exactly what you did at Julie's wedding. That's a broken promise. Don't expect me to be anything at all.

when you learn your words and actions have consequences, we can talk again. not until then.

I'll probably be back around 7:30

Maybe later

Let Alex message you and share your name and photo with them? You won't receive any messages until you unblock them.

I inform the respondent: "I've just plunged the kitchen sink, cleaned the dishwasher filter, and put it on self-clean. Hopefully, it will work better going forward. It would be nice if for one day you wouldn't point out something I haven't done but something I have done", while also expressing that he was making my life hell daily for no reason. I reminded him of our agreement to pay the mortgage equally, but as he was earning significantly more while I was still unemployed, we had agreed that he would take on a couple more bills. However, the respondent replied: "Forget anything I said until now, please pay your half and we can be civil," or "I will help with bills the day you have a job" - which completely defeated the purpose. I had also pointed out that each time he's high, he tells me he doesn't mind if I take a minimum-wage job as long as I am passionate about it. I reiterated that I was trying to find such a job, but every time I brought it up, he would refuse to allow me to pursue it, citing household financial concerns - despite me paying for everything without having a job.

I'm shattered 12:49

I've just plunged the kitchen sink cleaned the dishwasher filter and put it on self clean  
Hopefully it will work best going forward

It would be nice if for one day you wouldn't point out at something I haven't done but something I have done 13:00

Amazing Irene great work thank you so much 13:03

Also reminding you that we always agreed we'd pay the same mortgage but you'd pay for the bills as you earn more.

I've got two more sets of keys cut

You  
Also reminding you that we always agreed we'd pay the same mortgage but you'd pay for the bills as you earn more.  
...

Yes you should get a job you are passionate about but not at the expense of anything else.

Have a lovely afternoon

X 13:04

Well I guess we need to talk at some point but let's not message all day

You  
Also reminding you that we always agreed we'd pay the same mortgage but you'd pay for the bills as you earn more.  
...

Irene.  
Whatever was said the situation is as it is.  
You must pay the mortgage. Full stop.  
You must pay for your bills. Full stop.  
You must put your half in the joint account.  
Any thing above or beyond that is not the normal.  
You still haven't put things in the spreadsheet how many times of asking.  
If you start taking this seriously don't expect things to go well.

Ohhh that's cute should I bring a new one ? Game?

I've just tidied up this room now gonna roll a joint and pass out I reckon. Did you take some weed with you?

I think we should try a fun game tomorrow

I'll have a look tomorrow 22:30

Audio recording dated [10/04/2024], where the respondent is shouting at me, for 16 minutes on end, repeatedly saying that "I do fuck all aside my own interests" – despite seeing me still working at 20:00 and doing free overtime – and begins threatening me to leave the back door open so my cats would escape and end up onto the North Circular.

[play audio file](#)

[link to file](#)

**The respondent walks in the house:** "What the hell is going on here? I hope you're ok though, don't worry about doing anything. Bathroom lights on. Food packet just here on the floor, is that right? You do fuck all, except your own interests. Fuck off Guinness, get out of my way" – **and kicked the cat**

**The respondent:** "You do fuck all to help us. You just want to live in hell. Me paying your mortgage and your bills for you". – this isn't true, I have always paid my part equally, unlike the respondent who still owes me £5,200 over household expenses I covered while "he had no money".

**The respondent:** "You will not lift a finger unless it's for you. What are they doing on the side here? They're going to sit here for another six weeks are they? And it's all over the fucking room. Put five seconds of effort into something that isn't your interest for once. Fuck all, you do. Absolutely. You have one interest and that's yourself. I wish I. I wish I've not been to fucking deluded. These coffee beans. Why are they just sitting on the side here? Not even as sorry. I was really busy. Nothing. You're so unreal. Are you so incapable of working with anyone else in any fashion?" – Then starts hitting and banging loudly on my personal belongings.

**The respondent:** "Why do I fucking bother?" – I walk away having said nothing the whole time.

**The respondent:** "Okay, yeah go to bed rather than dealing with this situation, I guess. You don't worry about that I'll cover it all, you do fuck all" – From the first floor, with my office door shut, you can still hear him shouting for over 2 minutes. Then he walks up the stairs, still shouting, pushing in my office door and damaging it.

**The respondent:** "Okay, what's all these from?"

**Me:** "I don't know what you're talking about"

**The respondent:** "You put them there, please. What are they from?"

**Me:** "Calm down. Just leave me alone. Please. Didn't I spend six hours cleaning on Saturday?" – 4 days earlier;

**The respondent:** "For your friend yes"

**Me:** "So what it's for the house, doesn't matter if my friend came over"

**The respondent:** "What you did on Saturday is irrelevant, your cats have just left shit all over the floor. You've done nothing about it, everything that you need to do for the house. You never ever do fuck all around here. You only think about you, nothing else. Clean up off yourself, do something and we might be able to be civil but until you start putting a fucking finger out, there's no civility. I've just walked in from bringing food home, fucking bomb site. Do you ever think of anyone except yourself? No is the answer, fuck off. Till you can fucking work with me, do not expect civility. Grow the fuck up and learn when you're responsible for your actions and say: yes that was me. Sorry, let me deal with that. But no. Irene until you're not willing to work with me if your cats shit, piss or tear a single thing up, I'm leaving the back door open. Okay? And don't say I didn't warn you".

*signal conversation, dated [10/04/2024], referred to in the Section 5.4.22.D*

---

Conversation with my friends Claudia and Manuele, where I confide that the respondent is so far from the person I used to know, that he had gone so far that he will never go back to who he was, that he is lying about everything, constantly insulting me, and that his behaviour is severely impacting my sleep and mental health. Most notably, I share that the respondent has begun threatening me with my cats and is now using them to control me. I asked them if my two cats and I could stay with either of them for a few days, seeking safety.

Lol I've just come down to listening to it what were you going to say?  
Hon have you got dates of Justin when he's away?  
I had to contact Alex's best mate  
The situation here is gone mental it's daily insults and I'm fucking scared for my life  
He literally walked in and lost it  
He's now using the cats to control me  
He says if I don't clean after him (obviously he says it's my mess but it's his) he'll let the cats escape  
I told Robbie it's gone mental I'm not safe here trying to arrange a face to face cos the issue is too serious for a phone call  
He came home I was working and said that all I care is what benefits me  
I mean I'm WORKING  
And he's shouting that he's paying my mortgage and my bills it's not true  
EVERYTHING THAT COMES OUT OF HIS MOUTH when he's like this is a lie all lies but he believes it  
I'm barely sleeping because of all this... I'm working so hard because at least it numbs me from what's going on  
I mean not even my first boyfriend treated me like this and he was beating me up  
I told Robbie I'm sorry I have to involve you but otherwise my only step forward is to call the cops  
He terrified me  
I'm hiding in my home 21:48  
I think he's addicted to weed (partly) and partly it's just him  
What do I do now Claudia? 21:53

Fuck hon!! I honestly think you should call the police and say you are afraid of him... which you are  
He's gone out of control  
Sorry I only just saw your messages now  
Justin leaves on Monday but is back on Thursday  
You  
I think he's addicted to weed (partly) and partly it's just him  
I think it's him ... the weed doesn't help but it's all him  
You  
I told Robbie it's gone mental I'm not safe here trying to arrange a face to face cos the issue is too serious for a phone call  
What did Robbie say?  
You  
Lol I've just come down to listening to it what were you going to say?  
...  
I have no idea what I was going to say... it never came back to me 😊 22:44

You  
Should be ok with Manu he's just asleep  
Ok cool  
Have you spoken to your mum? Can you go home for a bit too?  
Justin sleeps in the spare room when he is here otherwise would say to just stay here 23:06

I might show up tomorrow if Manu doesn't answer I'm terrified sorry  
Should be ok with Manu he's just asleep 23:02

What is he doing? 23:07

You  
Should be ok with Manu he's just asleep  
Ok cool  
Have you spoken to your mum? Can you go home for a bit too?  
Justin sleeps in the spare room when he is here otherwise would say to just stay here 23:06

I'm panicking right now I'm frozen hiding upstairs gonna take drops and sleep  
I can't think I don't know what to do 23:05

I really don't  
Can't stop crying  
Smoking weed in front of the TV 23:05

Aww hon!! I fucking hate that he is doing that to you  
Why is he so hateful 23:08

I don't know this person he's turned into evil he's not the same person anymore  
He's gone so far I don't think he'll ever come back to being who he was 23:06

I know you just brought the house but you need to get away from him as soon as possible 23:09

If I just need to rush out tomorrow it's ok if I come to yours  
I don't think it will happen I'm just lacking sleep right now  
And I'm panicking 23:08

I also reached out to the respondent's best friend, Robbie Myerson, and his wife, Ziba, to discuss the severity of the situation. This was the only alternative to reporting him to the police that I could think of. The constant fear of the respondent's behaviour caused me to postpone the call several times, which eventually took place on April 12th.

My financial independence was severely restricted, even though it was my money. The respondent constantly monitored and tried to impose regulations on how I could spend it. He made comments about even small purchases, like £3 items from Vinted, and I had to hide low-cost parcels to avoid his scrutiny.
